## EXPERIENCE

*June 2002-  
Present*

### **TERRY MATTINGLY, LLC** **Maitland, Florida**

*Licensed School Psychologist, Qualified Parenting Coordinator, Social Investigator, Guardian ad Litem, Supreme Court Certified Family Mediator*

I have my own private practice wherein I complete psychoeducational evaluations (IQ, learning disability, Attention-Deficit/Hyperactivity Disorder and Gifted), and behavioral assessments. I provide in-home parent training and in-school behavioral support. I also do reunification counseling and co-parenting counseling. I spend much of my time serving parenting coordination cases helping divorced/separated parents in high conflict. Since 2008, I have worked on more than 60 Parenting Coordination cases. In addition, I complete social investigations and perform duties as a Guardian ad Litem (GAL) for families involved in litigation in family court and have served in this capacity on more than 60 cases. I spent a year as a volunteer GAL for Seminole County representing children in dependency cases. I also conduct private mediations for families facing the resolution of issues such as dissolution of marriage, division of assets, child support, time-sharing, and parental responsibility. I have been Collaboratively trained and serve as the mental health neutral facilitator in the Collaborative Divorce process.

*October 2015-

### **CONFLICT SOLUTIONS GROUP, LLC** **Maitland, Florida**

*Co-Owner; Founder; Trainer of New Qualified Parenting Coordinators and Social Investigators/Guardians ad Litem, Supervisor of Independent Contractors Providing Parenting Coordination and Social Investigation Services*

I created a 28-hour Parenting Coordination (PC) training program which meets the requirements set forth by the Florida Dispute Resolution Center to qualify eligible professionals as Parenting Coordinators. The training incorporates the following components: Florida Family Law Rules of Procedure, the Parenting

Coordination Statute, Family Systems Theory and Application, Family Dynamics in Separation and Divorce, Common Areas of Conflict, Child and Adolescent Development, Parenting Coordination Techniques, Co-Parenting, Parenting Plans, Domestic Violence, Child Abuse, Substance Abuse, and Mental Illness. The trainings are offered several times a year.

I have also created a 16-hour training program to prepare family law attorneys and licensed mental health professionals to serve as Guardians ad Litem in Domestic Court. The training also prepares licensed mental health professionals to conduct social investigations which are used in complex cases where issues such as substance abuse, parental alienation, child abuse, or dysfunctional parenting may be occurring. The trainings are offered several times a year.

I supervise independent contractors who provide the services and provide ongoing monitoring and support.

**NINTH JUDICIAL CIRCUIT, ORANGE COUNTY, FL**

*Parenting Coordinator*

I am qualified as a Parenting Coordinator and took cases for the Ninth Judicial Circuit at a reduced fee. This role involved helping high-conflict divorced/separated parents in the co-parenting process in order to shield their child(ren) from the conflict as much as possible. I also tried to teach the parents problem-solving and communication skills with the hope that they can eventually co-parent their child(ren) without the use of a parenting coordinator.

I completed Comprehensive Behavioral Health Assessments (CBHA) on children and adolescents that were part of the foster care system. The assessments involve an extensive record review and interviews with the individual child, their current foster parents, other caretakers involved in the child's life, their teacher (s), and their caseworker. Gathering this information enabled me to make treatment recommendations to meet the child's emotional, behavioral, academic, vocational, medical, and mental health needs.

May 2001 –June 2007

**KIDSPEACE (formerly known as STAR Consultants)**

**Altamonte Springs, Florida**

*Board Certified Associate Behavior Analyst/School Psychologist*

I completed full psychoeducational evaluations including intelligence testing, academic assessments, and behavioral/emotional assessments. Evaluations included parent and child interviews along with specific recommendations tailored to the needs of the individual. Many of these evaluations were on children or adolescents in foster care.

I also conducted evaluations at the Juvenile Detention Center on juveniles who were incarcerated or were on home detention. These evaluations included recommendations for the offender's academic, behavioral, mental health, and vocational needs.

Experience has also included providing in-home parent training to families with behavior-disordered children. I have trained parents on topics such as creating and monitoring behavior plans, giving effective commands, providing praise and consequences, and using the time-out procedure. My work for KIDSPEACE was on a part-time basis.
